**Calcium Gluconate Injection, USP 10% 100 mg/mL Vial
Supply Update**

Dear Valued Customer,

Fresenius Kabi Canada would like to provide the following supply updates regarding our **Calcium Gluconate Injection**.

As previously communicated, our **Calcium Gluconate Injection, USP 10% 100 mg/mL** 10mL and 50mL vials were expected to be on backorder starting March 1, 2022; however, we are pleased to advise that we have limited 50mL vials available. Understanding the challenges of using the 100mL vials to cover the 10mL demand on a mL by mL basis, we will be diverting all available 50mL inventory to cover 100% of the 10mL demand on a mL by mL basis. Subsequently, the 50mL demand will be covered by the 100mL as previously communicated.

Please note, due to shipping delays, the 100mL allocations will be available starting March 7, 2022. Please see the table below for more details.

DIN	Fresenius Kabi Product Code	MDP Product Code	Product Description	New Supply Status March 2022	Supply Status April 2022
02141019	C360019	970682	Calcium Gluconate Injection, USP 10% 100mg/mL Vial 10mL	Backorder 100% of 10mL demand to be covered by 50mL*	Backorder TBD – coverage plan will be communicated in early March
02141019	C360059	970694	Calcium Gluconate Injection, USP 10% 100mg/mL Vial 50mL	Remaining 50mL inventory has been diverted to cover 10mL demand* 100% of 50mL demand to be covered by 100mL*	Remaining 50mL inventory has been diverted to cover 10mL demand (coverage % TBD)* 100% of 50mL demand to be covered by 100mL*
02141019	C360161	970700	Calcium Gluconate Injection, USP 10% 100mg/mL Vial 100mL	Increased allocation to cover 100% of 100mL demand plus 100% of 50mL demand*	Increased allocation to cover 100% of 100mL demand plus 100% of 50mL demand*

*Please note, coverage is on a mL per mL basis based on historical demand. Please see below for examples of the conversion ratios:

5 vials of 10 mL = 1 vial of 50 mL
10 vials of 10 mL = 1 vial of 100 mL
2 vials of 50 mL = 1 vial of 100 mL

We strongly encourage all customers to use severe conservation measures across all formats of Calcium Gluconate available to extend the supply as long as possible. We are working diligently with our plants to expedite production and will advise of any updates should there be any improvements to the timelines and allocations indicated above.

We recognize the difficulties and inconvenience that you may encounter as a result of these supply interruptions, and we thank you for your patience and understanding in this matter. If you have any questions or concerns, please do not hesitate to contact Customer Service at (877) 821-7724.

Sincerely,

George Shamsoun
Associate Director – Marketing, IV Drugs
