Zoledronic Acid for Injection 4 mg/5 mL SD Vial 5 mL Label Update Notice

Dear Valued Customer,

Fresenius Kabi Canada would like to advise that changes have been made to our **Zoledronic Acid for Injection 4 mg/5 mL SD Vial 5 mL** vial & tray labels:

- **Labelling:** Applicable changes have been made to include the new Fresenius Kabi Canada design and to meet Health Canada's Plan Language Labelling (PLL) requirements. A 2D DataMatrix barcode is added to the carton and vial labels, encoded with GTIN, lot and expiry information. The linear barcode is removed from the vial labels.

There is **no change** to the formulation and the product stopper remains free of natural rubber latex and **free** from **preservatives**.
